Spoiler-safe Storm King's Thunder fit and party connection notes.

Character concept

One-line concept	A sharp, warm half-elf performer whose songs collect rumours, family secrets, old stories, and the small truths powerful people let slip.
Personality	Friendly, observant, quick to defuse tension with wit, but more perceptive than she lets on.
Ideal	Stories matter because they preserve truth and protect ordinary people from being erased.
Bond	Wren remembers Alphie as the noble who treated her like a person after a Roane gathering.
Flaw	Uses humour when nervous and can talk one sentence too far.

Party ties from Session 0

Alphie J. Roane	Wren once performed at a Roane family event. Alphie spoke to her afterwards with genuine interest rather than treating her as hired decoration. She remembers that.
Dorrin Stonebrook	Wren respects Dorrin's steady temple-healer energy, but may tease him gently when he gets too serious.
Campaign fit	A travelling performer is a natural listener in inns, markets, roads, and noble halls across the North. This gives roleplay hooks without giving plot secrets.
