Dorrin Stonebrook - Play Notes

Section	Notes
Role at table	Frontline moral anchor and emergency healer. He stands where fragile people need someone between them and danger.
Personality	Quiet, steady, oath-conscious, protective. He cares about mercy and family, but he is not soft about threats to captives.
Cave priorities	Aid before entering if slots are treated as available. Preserve Life after the first wave, not before. Spiritual Weapon gives damage without losing Bless concentration.
Best level 3 tactics	Bless on three attackers when a fight will last. Sanctuary on a rescuer carrying a child. Preserve Life when two or more allies are bloodied and still in the fight.

Rules Integrity Notes

This is a custom table-use sheet for 2014 D&D 5e. It lists maximum level 3 capacity. Current spell slots, HP, and active effects during the live chat campaign should be checked against Marcus's latest state before play resumes.
